

## STATEMENT OF PURPOSE

RS28222 / S1005

This amendment clarifies the interface between this chapter and when a water user conveys water pursuant to Idaho Code §42-105 (1). This amendment clarifies that when water is diverted and assessed in one water district but is conveyed and rediverted within a second water district, the second district may levy a fee instead of an assessment for that water that is rediverted. Further, any authorized fees that are levied are not considered an assessment and are not part of a water user's voting credentials for voting within the second water district.

## FISCAL NOTE

These amendments involve the process for water districts, and, therefore, will have no impact on the General Fund.
